Join us

to deepen your understanding of how debate can transform
teaching across all subjects.

This webinar will explore the evolution of debate from classical *ars oratoria* to its modern applications in curricula and popular culture. We will learn about the theoretical and methodological foundations of debate, and how to apply these techniques in various disciplines. The session will offer practical, hands-on activities, including motion formulation, team formation, research, and performance, providing you with tools and strategies that can be immediately implemented in your teaching practices.

5:00 - 7:30 PM CET

MODERATOR: **Tiziana Faitini**

This webinar is one of several initiatives carried out by **GrACE – Green Europe: Active Citizenship and the Environment**, an international teacher training programme led by the University of Trento. It aims to provide educators with comprehensive knowledge of environmental issues and the EU's strategies for tackling the climate crisis, along with innovative methods for teaching about green issues.

Participants with minimum 75% of attendance during the session will receive an official Certificate of Attendance issued by the University of Trento/JM Centre upon request.
