

LIVE WEBINAR PHILOSOPHY & CLIMATE

Tracing the fault lines of the ecological crisis through a philosophical lens

MARJOLEIN OELE

Professor of Philosophy
of the Humanities
Radboud University

Join us

to deepen your understanding of the historical and philosophical roots of our ecological crisis.

This webinar will explore the historical and philosophical roots of our current ecological crisis, tracing how concepts of 'nature' have evolved from ancient Greek thought to modern scientific perspectives. We'll examine the impact of socio-political structures, emotions like eco-grief, and cognitive approaches in envisioning potential futures beyond this time of crisis.

23 JAN '25
5:00 - 6:30 PM CET

MODERATOR: **Tiziana Faitini**

This webinar is one of several initiatives carried out by **GrACE – Green Europe: Active Citizenship and the Environment**, an international teacher training programme led by the University of Trento. It aims to provide educators with comprehensive knowledge of environmental issues and the EU's strategies for tackling the climate crisis, along with innovative methods for teaching about green issues.

Participants with minimum 75% of attendance during the session will receive an official Certificate of Attendance issued by the University of Trento/JM Centre upon request.
