

EPOCH DETECTIVES CARD: GROUP 1

Look at the following picture. Answer the questions as a group. You can write short notes.

ANSWER THE QUESTIONS

1. What human activity do you see?
2. Could this leave a geological trace in 10,000 years?
3. What evidence would future geologists find? For example, layers of concrete, plastic, metal; strange sediments; erosion; animal bones; chemicals, etc.

Choose one speaker to present your ideas to the class.
